MIGRATION IS PART OF TYROLEAN HISTORY, HELP US RETELL IT.

Migration has permeated and shaped Tyrolean cities and communities over the last 50 years.
Let's bring to light the contribution of migrants and migration to Tyrolean history!

We are looking for pictures, letters, postcards, records, tapes, toys, embroideries, work documents, notebooks, official documents, tools, clothes, silverware, old newspaper articles ...

We are looking for memories from citizens born in or migrated to Austria about their first encounters with migration: Their first time in Tyrol, first work, first apartment or their first contact with colleagues and neighbours, reception of the new residents, difficulties that had to be overcome, desires, friendships ...

Your items will be collected and stored at the Centre for Migrants in Tyrol (ZeMiT) or the Tyrolean State Museums (Tiroler Landesmuseen).
Chosen items will be shown in an exhibition in the Museum of Tyrolean Regional Heritage (Volkskunstmuseum) in 2017.

BRING YOUR PIECES OF MEMORY AND TELL US YOUR STORY.
